- Assists Building Operator with mechanical operations including operations using a computerized Building Automations System (BAS)
- Performs basic chemical and temperature testing and maintains accurate records
- Assists with operation and maintenance of lighting control systems and maintenance systems
- Assists with testing and maintaining all building fire and life safety systems
- Promptly responds to building emergencies and performs preventative maintenance to maintain tenant comfort and mitigate building and tenant damages, which includes primary response to fire alarms
- Contributes to the preventative maintenance program and performs accurate record keeping
- Assists with swimming pool filtration and disinfection operations
- Some specialized cleaning (e.g. swimming pool bulkhead slats, cleaning of underwater vacuum components, high cleaning, etc.)
- Repairs and maintains swimming pool equipment and other sporting equipment
- Assists with conducting facility inspections and inventories
- Performs minor repairs on parking equipment and performs grounds keeping activities such as weeding garden beds and green roof as well as lawn cutting
- Assists trade people as required and performs other related work as assigned and
- Assists with ensuring compliance with health and safety legislation, fire code, TSSA, and other mechanical and other operations legislation and standards and other duties as required

The successful candidate will possess the following qualifications:

- Must have completed secondary school; and
- Must have current Standard First Aid certification
- Pool Operator certificate, Building Environmental Systems certificate, BOMI Systems Maintenance Technician (SMT) designation and/or SCUBA diving certificates are considered assets
- License as a skilled trade (e.g. electrician or plumber) is considered an asset

Experience

- Minimum of three (3) years of relevant maintenance experience
- Facility maintenance experience specific to an athletic complex is an asset
- Experience in carpentry, minor electrical work, window washing, minor plumbing, drywall and painting, grounds work, and other maintenance work are all assets

Skills and Other

- Very familiar with maintenance tools and power tools is essential
- An ability to read and perform tasks outlined in technical manuals and publications
- Solid interpersonal skills with the ability to deal courteously with the public
- Must be physically capable of performing required duties
- Must be comfortable working from heights (ladders and lifting devices)
- Ability to maintain accurate records and to communicate effectively in English, verbally and in writing with staff, contractors, trades people, etc
- Basic proficiency with computer applications such as email, Windows OS, MS Word and MS Excel and AutoCAD skills are an asset
- Must be familiar with the Occupational Health and Safety Act
- Able to work days, evenings and weekends (7am-7pm and 7pm-7am); and
- Able to work additional hours when necessary

The successful candidate will receive a competitive compensation package. The position will start as soon as possible. Three professional references will be required and a police vulnerable check will be completed for the successful candidate.

The Toronto Pan Am Sports Centre is located at:
875 Morningside Avenue
Scarborough, ON M1C 0C7

OUR HISTORY

A legacy of the 2015 Toronto Pan Am and Parapan Am Games, Toronto Pan Am Sports Centre is operated by a corporation co-owned by the City of Toronto and the University of Toronto. The world-class facility was the largest sport new-build for the Games and the largest infrastructure investment in Canadian amateur sport history. Toronto Pan Am Sports Centre delivers extensive programming that serves recreational and community groups, university students, high performance athletes, as well as fitness centre clientele. The building's 312,000 square-feet includes two internationally sanctioned 10-lane 50-metre pools, a world-class dive pool and dry-land dive training facilities, a four-court gymnasium, a rock climbing wall, an indoor running track, conditioning rooms, a high performance testing centre, studio spaces, and a state-of-the-art fitness centre for members. The Canadian Sport Institute Ontario (CSIO) is located at Toronto Pan Am Sports Centre and provides world-leading sport science and sport performance services. Toronto Pan Am Sports Centre opened to community users, University of Toronto faculty, staff and students, City of Toronto program users and high performance in September 2014. For more information visit www.torontopanamsportscentre.ca

The building earned LEED gold and has state-of-the-art mechanical and electrical equipment including a geothermal plant, green roofs and a large solar panel installation.

Toronto Pan Am Sports Centre Inc. is committed to creating an accessible organization and facility by removing barriers for individuals with disabilities. If you have any accessibility requirements or questions, whether as an employment candidate, volunteer, user of the facility or business partner, please contact us at accessibility@tpasc.ca

We thank all applicants that apply, however only those being considered for an interview will be contacted.
